Will the entire party's services be paid for by one individual? Yes No

If yes, please indicate the person who will be paying for the services: _____

Credit Card Information to Hold Date

Name: _____ Number: _____ Exp. Date: _____

***2-week notice required for cancellation or credit card will be charged a \$100 cancellation fee.**

Helpful Hints

- It is recommended that members of the bridal party come in for an initial consultation approximately 3-4 weeks before the wedding. This is a free service.
- It is highly recommended that members of the bridal party come in for a practice updo and consultation the week before the wedding. This is to ensure that all parties are completely satisfied with their choice of style on the wedding day. There is a \$75 fee for this service.
- All bridal party members should come to their hair appointment with an idea of the look they are trying to achieve. Bring pictures of desired styles of hair and make-up if possible.
- All bridal party members should shampoo their hair the night before their appointment. Updos and styles retain their look longer if the hair is not freshly shampooed.
- All bridal party members should wear button up shirts to their appointment.
- Please feel free to bring refreshments (food, champagne, etc.)

Bridal Party Timeline

The information provided below is an approximation and will depend on the specific needs and circumstances of the bridal party. For a personal consultation, please come call us or come in.

3-4 Months Before

- Reserve the salon for your wedding day.
- Determine the details of what each member of the bridal party will want to have done and complete the accompanying pages.
- If you think you might remove your veil during the reception, we recommend a metal tooth comb for your veil (they are much easier to remove and will hold longer).
- If using flowers in your hairstyles, we recommend using artificial flowers because they are not easily damaged by hairspray, heat and weather like real flowers.
- If you are thinking of changing your hair color, try it now so there is plenty of time to adjust the color if necessary.
- Schedule your consultation appointments for approximately 3-4 weeks before the wedding and your practice appointments for the week before the wedding.

3-4 Weeks Before

- Long hair should be trimmed.
- Come to your consultation with photos of your likes and dislikes along with your veil or any other hair accessories. We recommend bringing photos of your dress and jewelry if possible.

2 Weeks Before

- If you perm or color your hair, now is the time to have it redone.
- Short to medium length hair should be trimmed.

The Week Of

- Bang trim (if needed).
- Practice appointments to make sure everyone is satisfied with the style they have chosen.
- Any facial or body waxing, manicure/pedicure, massage or body treatments should be done the week of your wedding. This creates less stress on the wedding day, but ensures all services remain fresh for the wedding.

The Day Of

- Updo and make-up application. (Come with clean, dry hair and wear a button up shirt.)
- Bring veil and hair accessories to your appointment.
- Once your updo is complete, be careful not to sit on your veil.
